8. A permit must be obtained prior to beginning any construction work. Application is subject to review before permit is issued.

INSURANCE REQUIRED:

Workers Compensation Insurance and Disability Benefits Coverage: New York Workers Law 57 requires contractors and certain homeowners listed on the building permit to provide proof that such coverage is issued by an authorized insurance carrier (Form C-105.2 or U-26.3) or provide proof of exemption (Form CE-2000). Any residence that is not a 1, 2, 3, or 4 family **owner occupied** residence is considered a business and must provide proof of insurance.

Affidavit of Exemption Form BP-1 can only be filed if the Owner of the owner occupied residence follows the restrictions defined below:

1. Owner is performing all of the work themselves for which the building permit is issued.
2. Owner is not hiring, paying or compensating in any way the individuals that are performing or helping to perform any or all of the work or which the building permit is issued.
3. Owner has a home owner's insurance policy that is currently in effect and covers the property for which the building permit is issued and the owner is hiring or paying individuals a total of less than forty (40) hours per week (aggregate hours for all paid individuals) for the work for which the building permit is issued.

STORMWATER DISCHARGE PERMIT

A stormwater discharge permit issued from Department of Environmental Conservation is required when a project disturbs more than one acre of land. Before starting construction a Stormwater Pollution Prevention Plan must be submitted. This plan controls sediment and erosion during construction and provides for stormwater management after construction is complete. More information can be obtained at: www.dec.state.ny.us or by calling DEC Regional Office in Avon at: 402-8265.

HISTORIC PRESERVATION COMMISSION:

Village & Town of Lima has a joint Historic Preservation Committee (HPC) which provides advice to applicants when their property is located within the Historic Preservation Overlay District or is designated on the National Register of Historical Places or is located within 100 feet of a property's boundary that is in the Historic District or a designated historic landmark. All projects consisting of new construction or structural alterations or façade alterations shall require the HPC to provide an advisory opinion to the applicant prior to issuance of a building permit. The Building Inspector will coordinate with the HPC when their review is required. The HPC is available to provide assistance on any project to help preserve and enhance the historical appearance and character of your building. The HPC has up to thirty (30) days to issue their advisory opinion. A Town Zoning Map is available on the Town website to determine a property's location with regard to the Historic Protection Overlay District.

BUILDING PERMIT REQUIREMENTS:

1. The applicant shall notify the Building Inspector of any changes in the information contained in the building permit application during the period for which the building permit is in effect.
2. A permit will be issued when the application is determined to be complete and the proposed work is in compliance with all requirements of New York State Building Code.
3. A building permit may be revoked or suspended if it is determined that the work to which it pertains is not in accordance with the information contained in the building permit application; Or is not in conformance with the NYS Building Code; Or if there has been a misrepresentation or falsification of a material fact or condition connected with the application for a building permit.
4. Any deviation from the approved plans must be authorized by the licensed professional who affixed the NYS seal to the original plans prior to the issuance of a Certificate of Occupancy.
5. The applicant shall notify the Building Inspector 24 hours in advance for all required inspections and receive approval before any building element, equipment or system is covered or enclosed.
6. Prior to the issuance of a Certificate of Occupancy, the licensed professional who affixed the NYS seal to the original plans must certify that the completed construction is in compliance with the plans and specifications as submitted for the building permit.
7. A building permit shall expire one (1) year from the date of issuance or upon the issuance of a Certificate of Occupancy whichever comes first. A building permit that has expired prior to the issuance of a Certificate of Occupancy shall require the payment of a renewal fee.
8. The undersigned assumes responsibility for the cleanup of all debris generated by construction activities and the removal of same to a legal off site location.
9. By law, applicant, general contractor or demolition contractor is required to contact **Dig Safely New York 800-962-7962** prior to starting any digging. Allow two full working days for response.
10. All electrical work must be inspected by an authorized agent and produce a certificate of approval. It is the permit holder's responsibility to arrange for all required electrical inspections. The following are Village/Town of Lima approved electrical inspectors:
 - Commonwealth Electrical Inspection Service Office: 800-437-5799 Cell: 729-2779
 - New York Electrical Inspection Agency Office: 436-4460; Cell: 230-4186
 - Middle Department Inspection Agency Office: 454-5191

TOP SOIL:

New construction in the Town of Lima shall comply with Town Code Section 250-96 which states the following:
“No topsoil shall be stripped in connection with any construction except from the smallest area necessary. All such topsoil shall be stockpiled and used to cover the disturbed areas. No topsoil shall be removed from any land or premises, except as provided for in an approved mining permit issued by the NYS Department of Environmental Conservation.”

CERTIFICATION:

Application is hereby made to the Village/Town of Lima for the issuance of a Building Permit. I acknowledge that no construction activities shall be commenced prior to the issuance of a valid building permit. I affirm that I have read the instructions and that the application, plans and supporting documentation are true and a complete statement and description of the work proposed and that all work will be performed in accordance with the NYS Building Code, local laws and ordinances and regulations whether specified herein or not. I authorize access to the Building Inspector or designated representative during all phases of construction for the purpose of inspections. I agree to prominently display on the premises the building permit issued and abide by all Planning Board and Zoning Board of Appeals approvals and all plan amendments made by the Building Department. I further acknowledge and agree that prior to occupying the facilities governed by this building permit I or my agents will obtain a Certificate of Occupancy.
