

## **Town Court**

The Court has been diligent about spending with an eye on our budget and keeping the cost down for taxpayers. We are pleased to have been the recipients of grants from the Justice Court Assistance Program to pay for maintenance and updates in the building such as replacing the old carpet, an energy efficient window air conditioning unit, and replacing our “vintage” chairs in the Court room.

The Court has been able to accommodate the Lima Historical Society meetings and we are happy to provide them with a meeting place for our community.

We are all pleased to have the opportunity to serve Lima.
